FOREIGN NEWS.

CRICAGO, April 18th.-The Tribune's Washington special says the anti-polygamy bill, as reported yesterday by the Senate Territorial Committee, retains all the amendments to which the House, on Cullom's motion, agreed, and half a dozen new sections. Officers of the Mormon Church are not only prohibited from solemazing marriages, but is it made a misde meaner, punishable with fine and imprisonment. Marriages in violation of the terms of the bill are declared incestnous and void, and all persons aiding or consenting to them are to be punished for misde meanor. Spiritual marriages, scaling, consecration and all other devices whereby men get the services of women are prohibited, and so-called spiritual wives may sue and recover payment for their labor CHICAGO, April 13th.-It is evident there is a state of feeling in the Supreme Court by no means pleasant relative to the rehearing of the Legal Ten der case. The two cases so far presented involve other points on which argument will be offered. In any event, the Attorney General asks that the Lega Clifford and Field hold that the same order or agree ment of last year precludes this, but the majority overrule them, though Chase may be able to throw

any further decision over to next winter. WASHINGTON, April 14.—An additional postal con cention has been made with Switzerland, reducing the rate to 10 cents the half onnce. Prepayment is to be optional. It takes effect May 1st.

PRILADELPHIA, April 14th. Senutor Revels logtured on the Press to a large audience this evening two-thirds of which were colored.

Gov. Smith, of Alabama, telegraphed to Senator Warner to-day that he had matured and is putting into operation vigorous and determined measures, which will not only stop violence, but bring the offenders to justice. Mr. Warner replied by saying that the President, Congress and the country would sustain him in the enforcement of the law. Let rebels be forgiven and murderers hung. Amnesty and the halter will give us peace and safety.

New York, April 14th.-The Tribune of this norning says that when the McFarland trial is concluded it will ask attention to the question, how far shall lawyers be allowed to criminate ladies who are not legally charged with any offense without a shadow of excuse and without incurring judicial adomonition. It also announces that the enlogistic obituary on Henry J. Raymond, which appeared in

its columns, was written by Mrs. Calbonn, Seven million dollars have been subscribed in this city for the purpose of erecting a Crystal Palace for the approaching International Exhibition here.

CHICAGO, April 14.—The Fenian Congress is in se ret session here. It has changed the Constitution of the Brotherhood, and in place of a President and Senate, has appointed an Executive Committee of nine. It has also voted to send a Committee of charging M. Emile Oliivier with the Secretaryship three, representing different sections of the Union, of Foreign Affairs ad interim in place of Daru, and to confer with the New York Fenian Convention to be held on the 19th inst., which is regarded as an important step towards the consolidation. The Congress will probably adjourn to-night.

MONTREAL, April 14.—There is great activity among the regulars in the garrison. Troops and stores are being moved to the most convenient points. Field will be presented to Congress to-morrow, expressing his desire to undertake the laying of a telegraphic cable between America and Asia. Eightyfive hundred miles of cable will be required for the purpose The bill which accompanies the memorial proposes to incorporate a company with ten millions all paid up, within a year from the organization; upon the completion of the cable within five years thereafter the company to receive --- acres of public lands.
